ONE DESIGN \\ TWO BEAUTIFUL BAGS

THE SWIFT SONORA DAYPACK OR PANNIERS

-PROUDLY BUILT IN SEATTLE, WA-

The Sonora Pannier

..... MSRP \$165

The Sonora Pannier is the Sonora Backpack's twin sister, and takes the beautiful day-pack design and puts it to work on your bicycle. It's the perfect size for light bike-camping and makes for a great daily bag with four exterior pockets and a tall, slender profile that fits a 13.5" laptop like a charm. Like every Swift Industries design, the Sonora is equally home in the city or adventure-bound, and is made out of the highest quality technical fabrics we can source. The Sonora makes its debut in two popular XPac fabrics and three colors: the neo-classical X10 Canvas and the Hinterland Collection's VX21 XPac. Dyneema ripstop reinforcement adds strength and durability where it matters most.

Sold individually.

Measurements: 15"T X 10"W X 5.25"D
